

PETER DOVE & FAMILY

Executive director of “Imagine Thailand”

Peter Dove is co-founder and Executive Director of “Imagine Thailand”, a Bangkok-based Christian social action organization specializing in linking the university and marketplace to marginalized communities. Him & his wife, Cavelle, founded the organization in order to create a platform for Thai students to be motivated, trained, disciplined and sent to serve smaller communities in Thailand and Southeast Asia. Peter’s particular passion is in capturing the potential of university students and new graduates to create a new future for those rural communities in need! In 2008 they opened Passport Cafe and Gallery on Chulalongkorn University. Through the cafe, “Imagine Thailand sends dynamic teams of customers into places of service in Thailand.
